- Chirs Walker was very helpful in explaining the different problems and theorms that I needed further clarification with. Everytime I attended his office hours I learned ome new way to go about solving the problem and he use the time of our discussion wisely to go over all the material and answer all questions in the allotted time.
- He explains things well and offers extra office hours to study for exams.
- Great teacher, explains clearly!
- Christopher Walker is an amazing T.A. Often, I feel that I learn more from his discussions then I do during lecture. His explanations, in my opinion, are even better than the professor's. He is so helpful. Thanks Chris.
- A straightforward TA who doesn't waste any class time. Once he enters the room, the class starts right away. He is able to explain and clear up any misunderstandings about concepts that were discussed during lecture.
- Excellent TA: well organized
