Question # 16: YOUR CONSTRUCTIVE COMMENTS ON YOUR TA’S TEACHING SKILLS ARE EXTREMELY IMPORTANT. PLEASE WRITE YOUR COMMENTS IN THE TEXTBOX BELOW. PLEASE LIMIT YOUR COMMENTS TO 2000 CHARACTERS.

- Mr. Walker gives the support needed to understand problems that students may have with homework or midterms. Sometimes he makes mistakes while explaining things which can make things more confusing but overall he is a good TA.

- Was always helpful in answering questions about exams and homework. Though sometimes seems like he doesn’t know how to solve certain homework assignments. Could accept the homework later than the day of the discussion so we can get time to solve problems we needed help on.

- Very helpful TA. Clarifies problems in the homework assignments. Gives hints as to what to expect on midterms and quizzes given in discussion.

- He is a good TA very well understandable. When it comes to question about homework he is very helpful.

- I don’t think Walker is an effective teacher at all. It seems as if he is learning the material just as the students are. Maybe he should be more prepared before coming to class.
