- He was pretty good. I thought there were times that he was not prepared in discussion and that he had not previously looked at the proofs at hand. He did do a review session which was great.

- Great TA. Very helpful and friendly.

- Our TA did a great job this quarter. He was very helpful in class as well as in office hours. He set aside extra time to help all of us. He even held review sessions for the midterm and final. He was very approachable with questions and was very concerned about us learning the material. This material for this class was very hard to understand but he did a good job helping clarify things for me. I learned a lot in this class overall, and Prasad helped with that.
