List of Publications

Refereed Published Technical Journal Articles

“Canonical systems and their limits on stable curves” J. Algebra 399 (2014), 634-656.

“Structure of the cycle map for Hilbert schemes of families of nodal curves” Israel J. Math (accepted August 2015, 33 pages).

“Incidence stratifications on Hilbert schemes of nodal curves, and an application to Poisson structures” (Int. J. math, accepted Nov 2015, 8 pages).

Refereed Technical Conference Proceedings, Published:

Other
[O1] “Projective curves and hypersurfaces, I-IV” National Center for Theoretical Sciences, Hsinchu, Taiwan (a 4-DVD set).
