

WeBWork startup for Math 009B – 020, Spring 2012

The **WeBWork** material for the course is at the following site:

http://webwork.ucr.edu/webwork2/MATH_009B_020_12S/

Students can log into this using their **UCR** login names (NetIDs), and the default passwords are the student ID numbers (SID numbers). Students can also change their passwords after they have logged in by clicking on the link “**Password/email.**”

After a successful login, the following sort of screen should appear. Problem Set 0.1 is meant to show how the system works and should be the first thing to try.

The screenshot shows a web browser window displaying the WeBWork interface. The browser's address bar shows the URL http://webwork.ucr.edu/webwork2/MATH_009B_020_12S/. The page header includes the WeBWork logo and the MAA (Mathematical Association of America) logo. The user is logged in as 'rschultz' and can click 'Log Out'. The main content area is titled 'MATH 009B 020 12S' and contains a table of problem sets. The table has three columns: 'Sel.', 'Name', and 'Status'. The 'Status' column indicates the opening date and time for each problem set. A 'Course Info' box on the right displays 'Math 009B-020 Spring 2012' and 'Welcome!'.

Sel.	Name	Status
<input type="checkbox"/>	0.1 INTRODUCTION TO WEBWORK	will open on 12/29/2012 at 08:00am PST
<input type="checkbox"/>	7.1 TWO EXAMPLES	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	7.2 FUNDAMENTAL THM OF CALCULUS	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	7.3 SOME PROPERTY OF INTEGRALS	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	7.4 SUBSTITUTION	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	8.1 AREA BETWEEN CURVES	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	8.2 DISTANCE VELOCITY ACCELERATION	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	8.3 VOLUMES	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	8.4 AVERAGE VALUE OF A FUNCTION	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	8.5 WORK	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	9.1 INVERSE FUNCTIONS	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	9.2 THE NATURAL LOGARITHM	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	9.3 THE EXPONENTIAL FUNCTION	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	9.4 OTHER BASES	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	9.5 INVERSE TRIG FUNCTIONS	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	9.6 HYPERBOLIC FUNCTIONS	will open on 12/30/2012 at 08:00am PST
<input type="checkbox"/>	10.1 POWERS OF SINE AND COSINE	will open on 12/31/2012 at 08:00am PST
<input type="checkbox"/>	10.2 TRIGONOMETRIC SUBSTITUTION	will open on 12/31/2012 at 08:00am PST
<input type="checkbox"/>	10.3 INTEGRATION BY PARTS	will open on 12/31/2012 at 08:00am PST

A **Student's Guide** is available online at

<http://mathdept.ucr.edu/pdf/studenttools/WeBWork%20Student%20Guide.pdf>

and it contains answers to most of the common questions that students have, so it should be the first place to go when questions arise (if this does not answer a question, the next steps are to contact the teaching assistants or primary instructor).
