

UPDATED GENERAL INFORMATION – JANUARY 27, 2020

Revisions to solutions file for Quiz 1, Winter 2019

A new version of <http://math.ucr.edu/~res/math145A-2017/quiz1w19.solutions.pdf> has been posted. The missing proofs of the symmetry property for distances have been inserted, and the key fact behind the derivation of the Triangle Inequality for the first problem has been noted explicitly.
