

UPDATED GENERAL INFORMATION — FEBRUARY 10, 2020

Second file for this date

Solutions to Quiz 2 study problems

Solutions for the 2020 and 2019 problems are in the course directory file

`quiz2review.2020.pdf`

and the solutions for the 2017 problems appear in the files

`quiz2review.2017.pdf` and `quiz2review2.2017.pdf`.

Solutions for the problems in `quiz2w19.pdf` are implicit in the file containing the 2019 and 2020 solutions.

A few of the problems involve concepts not appearing until later Chapters. Two specific examples are the subspace and product topologies. Problems with such concepts will not appear on the quiz, and they can be skipped until preparing for Quiz 3.
