Math 153
Spring 2005
R. Schultz

UPDATED GENERAL INFORMATION — MAY 23, 2005

The class notes through Unit 10 have been posted. Note that Units 8 and 9 are combined into one file and that the contents of Unit 10 have been absorbed into the other units (so that file is essentially nothing more than a title and textbook reference).

STATISTICS FROM THE SECOND MIDTERM EXAMINATION

The cutoff scores are as follows:

A — 85
B — 70
C — 45
D — 25

The median score was 80, and 75% of the grades were A or B.

Appeals regarding the grading of this examination must be submitted by the end of class on Wednesday, June 1. Written comments should be placed on the examination indicating the problems to be reconsidered. BRIEF and OBJECTIVE statements about specific issues may be included.
