Access to grades and examinations

Solutions to the problems in the third examination have been posted for those who are interested in seeing them. Course and examination grades will be sent to individual students upon request.

My general policy is that students are welcome to take and keep their final examinations, but at times during next quarter I may be unavailable. Students who want to retrieve their examinations should contact me by electronic mail so that pickup arrangements can be made, possibly through the Department Office.

Appeals and queries regarding grading may be submitted as for the midterms, and this may be done any time during the Winter 2015 Quarter.
