

UC RIVERSIDE - Student Comments of Instructor,
Discussion Courses - Winter 2021

Course: MATH 147 Section: 002 - INT-FOURIER
ANALYSIS/APPLICANTS

Instructor: Ryan Ta

Question # 18: YOUR CONSTRUCTIVE COMMENTS ON YOUR GRADUATE STUDENT INSTRUCTOR'S TEACHING SKILLS ARE EXTREMELY IMPORTANT. PLEASE WRITE YOUR COMMENTS IN THE TEXTBOX BELOW. PLEASE LIMIT YOUR COMMENTS TO 2000 CHARACTERS.

- I don't like quizzes in upper-div classes, they take too long. While the fun word scramble and picture thing are fun and free points, I'm not in 1st grade and would enjoy the extra time to do the already long quiz question. Office hours were super helpful, wish I went more. I wish there was a bit more feedback on homework where we do so many problems and only a tiny subset is graded, I'm sure it takes forever, but some feedback would be appreciated.
- Homeworks were often very challenging and the TA went out of his way to help students do well and understand the material. Did a great job.
